

YOSEMITE HIGH COUNTRY NATURALIST TOUR

Summer-Fall*

This tour is a must for those who want to see what many insiders consider the premier area of the Park. Your expert naturalist guide will share incredible vistas, short walks and time to relax among the pristine Alpine meadows, rivers, granite domes and peaks of Yosemite's Tuolumne high country.

Experience exquisite beauty as the Tuolumne River leaves its serene meadow setting and explodes into the Grand Canyon of the Tuolumne. Come face to face with massive glacial rocks left behind by 4,000 foot deep glaciers, and watch deer mingle among tranquil meadows bathed in golden afternoon light.

You'll have options to scramble to the top of a granite dome, swim in a river or lake, enjoy some quality time alone, or photograph John Muir's beloved 'Range of Light.'
