

Frommer's Guidebook: California 2010 Edition
Evergreen Lodge – A Frommer's Favorite

For *the* classic Yosemite experience at any time of the year, this affordable and refreshingly crowd-free 22-acre resort has it all: cozy cabins in the woods, a historic and lively tavern, a great restaurant serving a diverse menu, even a recreation center and library. Scattered throughout groves of towering pines, the cabins come with private bathrooms, decks, sitting areas, Sirius Satellite Radio, and comfortable quilted beds. In the evenings, you can enjoy a pitcher of beer or bottle of fine wine; play a game of Ping-Pong, pool, or horseshoes; or sit around the campfire roasting marshmallows. During the day, you'll have easy access to all parts of Yosemite – particularly the beautiful and crowd-free Hetch Hetchy area – as well as numerous hiking trails and swimming holes. Be sure to book one of Evergreen's guided recreation and activities programs, which include fly-fishing trips for all levels, hikes throughout the park, bike trips (the road biking around here is excellent), naturalist-led Yosemite tours, happy-hour sunset tours, massage therapy, and a variety of evening activities.
